Uses & Features:

A premium homogeneous granular type turn fertilizer containing 6.0 units WIN, formulated to give turf immediate green-up and sustained feeding. A homogeneous fertilizer provides a more uniform distribution of plant nutrient. Unlike a blend, every homogeneous particle contains all of the guaranteed nutrients. Your plants receive a complete feeding from every granule for optimum growth and color. An excellent product to keep fertilizer cost at a minimum and receive maximum results. Ideal in situations where zero phosphorus is desired.
