

## Installation Specifications

At [www.Coronado.com](http://www.Coronado.com) product specifications can be downloaded in CSI format. Coronado gives the customer control over how the stone should be installed.

### Choices specific to Old Country Ledge

- Standard Colors:** Aspen, Carmel Mountain, Chablis, Charleston, Dakota Brown, Madison County, Rustic Slate, Shasta, (Any Standard or Custom Color)\_\_\_\_\_
- Grout Joint Width:** Standard  $\frac{3}{8}$ " to  $\frac{3}{4}$ " Average Grout Joint,  $\frac{3}{4}$ " to 1" Grout Joint, Drystack
- Grout Joint Depth:** Full Brushed, Full Smooth Tooled, Rough Brushed, Deep Raked
- Grout Joint Color:** Natural Grey, Natural Off-White, (Complementary Color)\_\_\_\_\_

### Special Installation Notes

- Pattern:** Stone should **not** be installed in a vertical position. Select stones from several different boxes to ensure a proper blend of size and color variation. **See brochure photos for recommended installation pattern.**
- Chalk Lines:** Should be used by installer to ensure a straight and level pattern.
- Vertical Joints:** Should be no longer than 4" to 6" on average.
- Horizontal Joints:** Should not exceed 6" to 8". Detailed grouting styles can be found in the Installation Section of the binder.

**Description:** Coronado's **Old Country Ledge** evolved from the Old World Ledge. These stones have been created to design a harmonious blend of shapes and textures. **Old Country Ledge's** overall height and length is larger than Old World Ledge and is designed to be tightly stacked or grouted.

**Sizes:** Stone sizes range from 2" to 7" in height and 4" to 20" in length.

**Thickness:** 1" to 1 $\frac{3}{4}$ "

**Packaging:** Available in big boxes (120 square feet) or Dura-Paks (15 square feet). **Square-foot coverage for Old Country Ledge is based on installation with a  $\frac{1}{2}$ " mortar joint at the back of the stone.**

**Sealing:** Not required. However, if installed on an exterior exposed to excessive water from runoff or improper drainage, we suggest the product be sealed in that particular area to protect it from staining or spalling during freeze-thaw cycles.

**Accessories:** Corners, Matching Pavers, Wall Caps, Post Caps and more. (See Accessories section of binder)
