

Installation Specifications

At www.Coronado.com product specifications can be downloaded in CSI format. Coronado gives the customer control over how the stone should be installed.

Choices specific to Weathered Edge

- Standard Colors:** Aspen, Chablis, Coal Canyon, Foxhill Blend, Sunhill Blend, Wisconsin Blend, (Any Standard or Custom Color)_____
- Grout Joint Width:** Standard 1/2" Grout Joint, Drystack
- Grout Joint Depth:** Deep Raked, Full Tooled, Full Brushed
- Grout Joint Color:** Natural Grey, Natural Off-White, (Complementary Color)_____
- Customized Pattern:** Large size stones optional. See Desert Ridge LedgeStone under Weathered Edge in Coronado catalog.

Special Installation Notes

- Pattern:** Install stone in an ashlar pattern. Stone should **not** be installed in a vertical position. Select stones from several different boxes to ensure proper color and size variation. **See brochure photos for recommended installation pattern.**
- Chalk Lines:** Should be used by installer to ensure a straight and level pattern.
- Vertical Joints:** Should be no longer than 4" to 6" on average.
- Horizontal Joints:** Should not exceed 6' to 8'. Detailed styles options can be found in the Installation Section of the binder.

Description: **Weathered Edge** is a replication of natural weathered stone from Wisconsin. Wisconsin Blend is similar to the color of the indigenous rock from the area. For an enhanced profile, **Weathered Edge** can be combined with Desert Ridge, which consist of larger stones ranging up to 12" in height and up to 32" in length.

Sizes: 1" to 7" in height and up to 32" in length. Optional Larger Sizes: 10" to 12" in height and up 32" in length.

Thickness: 1" to 2 1/2"

Packaging: Available in big boxes (100 square feet) or Dura-Paks (12.5 square feet). **Square-foot coverage for Weathered Edge is based on installation with tightly-fitted joints.**

Sealing: Not required. However, if installed on an exterior exposed to excessive water from runoff or improper drainage, we suggest the product be sealed in that particular area to protect it from staining or spalling during freeze-thaw cycles.

Accessories: Corners, Matching Pavers, Wall Caps, Post Caps and more. (See Accessories section of binder)
